St Luke's

HISTORICAL CHURCH, SAWYERS BAR, CALIF.

Erected in 1855, there was no church when Father Florian made his first trip into the Salmon River Settlement in 1853. The greed for gold has brought destruction to Paradise Flat, leaving only the church and cemetery, which stands as a shrine in memory of those early pioneers and the "Little Austrian Priest" who said the Salmon Mountains reminded him of his native Tyrol.

From a painting by Calla-lily Lukes

Mountains mountains everywhere – gorgeous weather – Walking a lot eating a lot – enjoying the children a lot – and sharing in their patriotism for their Valley. Homein the 9-th
